Advanced Honeycomb Technology Back Brace

The Safe Handler® Advanced Honeycomb Technology Back Brace is ideal for industrial environments.

Features

- Highly recommended brace on the market by doctors and physiotherapists
- This heavy duty brace aims to provide a wider than normal back support
- The ingenious design of double pull mechanism means the inner wrap provides the best possible compression, heat retention and comfort
- It is designed to help reduce unwanted twisting movements and is ideal for people with a manual occupation or sport where lifting may be involved
